TWO WAYS

THREE WAYS

FOUR WAYS

**Maximum Glazing panel width:** 80 "

**Maximum Glazing panel Height:** Full height up to 12'-0 "

**Available Glazing Types:** smooth glass, colored glass and multi layer

**Standard Frame Finishes Available:** Standard aluminum Anodized and custom powder color found in samples.

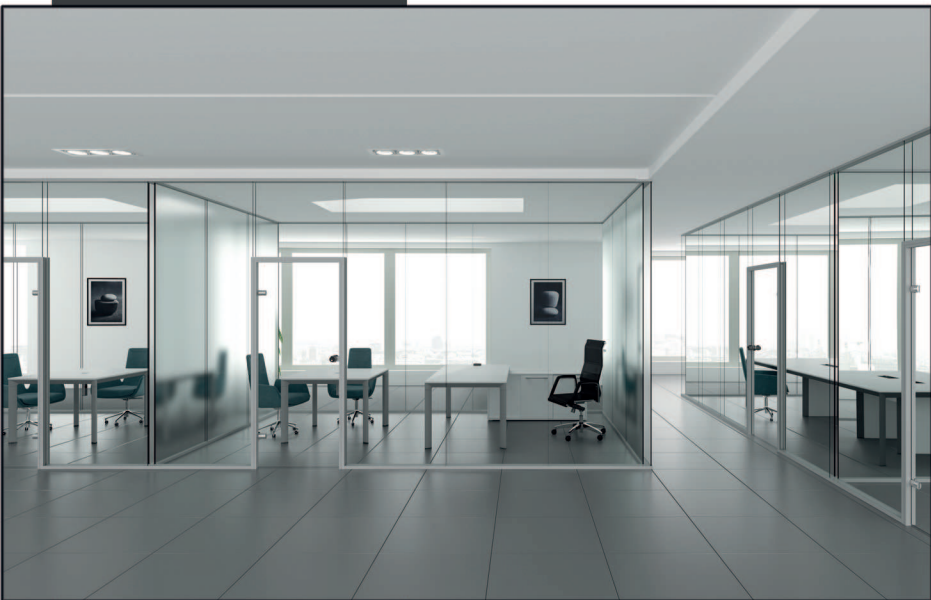

**STC rating:** up to 45 (glass thickness 10mm)

The STC rating figure very roughly reflects the decibel reduction in noise that a partition can provide.

**Sajiran**  
office furniture & partition

Utilising industry leading extruded aluminium as a base for its exceptional strength, acoustic and installation performance. Including a choice of unobtrusive glazing joints to attain a seamless double wall of glass for exceptional acoustic performance.
